SUMMARY

Supply chain operations leader with 15+ years driving procurement transformation across telecommunications, healthcare, and technology. Direct 37 FTE team at AT&T managing $20B+ in annual procurement operations with $3.5B approval authority while pursuing Executive MBA at Georgia Tech's Scheller College of Business. Build and execute strategies that deliver measurable results: implemented automation saving 2,880 staff hours annually, reduced operational exceptions by 96%, and developed $1.3M revenue-generating program from concept. Certified PMP, CSM, CSPO with proven ability to align cross-functional teams, develop talent, and drive operational excellence.

AREAS OF EXPERTISE

Supply Chain Strategy & Operations | Procurement Transformation | Cross-Functional Leadership | Strategic Sourcing & Vendor Management | Process Optimization & Automation | Project & Program Management | Organizational Development | Change Management | Agile Methodologies

PROFESSIONAL EXPERIENCE

AT&T Corporate – Atlanta, GA

Principal Purchasing, Oracle | 2024 – Present

- Direct supply chain operations for 37 FTE team across domestic and international markets, managing $20B in annual purchase orders and invoice processing with $3.5B approval authority across Oracle purchasing systems
- Drove automation strategy that saved 2,880 staff hours annually through freight bill auditor implementation, partnering with IT and finance to deliver cross-functional solution
- Partner with technology teams to enhance procurement tools and drive digital transformation, improving purchasing workflows and user adoption across organization
- Develop organizational capability through mentoring purchasing staff and coaching leaders on operational excellence and career advancement

Chief of Staff / Sr. Project Program Manager | 2023 – 2024

- Partnered with supply chain and procurement executives on strategic planning and organizational initiatives, reducing HR contract amendments requiring legal review from 88 to 20 in six months
- Led enterprise-level project implementing new freight bill auditing vendor, coordinating across procurement, finance, and operations to deliver on-time and within scope
- Drove supply chain readiness strategy for Return to Office initiative with Global Real Estate, ensuring operational continuity across multi-site facilities
- Built leadership capability across organization by coaching team members on strategic thinking and project management methodologies

Senior Purchasing Specialist | 2022 – 2023

- Managed $9B supply chain spend portfolio while leading freight bill and audit team of 5 FTEs, validating $80M+ in supplier savings projects monthly with sourcing managers
- Drove 96% reduction in daily invoice exceptions (4,000 to 150) by implementing new supply chain performance metrics and process improvements
- Led competitive RFP process for freight bill auditing supplier, managing end-to-end evaluation and selection that resulted in improved service levels and cost savings

Children's Healthcare of Atlanta – Atlanta, GA

Strategic Sourcing Analyst | 2021 – 2022

- Negotiated $3M in vendor contracts while conducting strategic spend analysis to optimize supplier performance and identify cost savings opportunities
- Managed $3M RFP for direct mail fundraising initiative, leading evaluation and selection process to support organizational revenue goals

Buyer | 2018 – 2021

- Managed supply chain operations issuing 500+ purchase orders monthly with 90% confirmation rate, collaborating with clinical teams to ensure uninterrupted patient care

Augusta University Medical Center – Augusta, GA

Bedside Delivery Coordinator | 2015 – 2017

- Built and launched bedside delivery program from concept to execution, generating $1.3M in first-year revenue while managing operations team of 11 FTE technicians
