

Intern Position Descriptions

Fall 2026 | September 1 – November 20

WHERE NO ONE GOES UNSEEN.

Data Analytics Intern

Reports To: Chief Operating Officer

Location: Remote

Time Commitment: ~10 hours/week

Duration: September 1 – November 20, 2026

Stipend: \$1,800 (via ILSI Social Impact Fellowship, Georgia Tech)

About Hope Booth

Hope Booth is a patented, interactive mental health kiosk initiative operating under Ex Nihilo Out of Nothing Inc., an Atlanta-based nonprofit dedicated to making mental health resources radically accessible. Our booths — reimaged from iconic telephone booth designs — deliver 3-minute, evidence-informed mental wellness interventions and connect users to local care resources on demand.

With 150,000+ individual encounters, a 78% increase in reported hope after a single session, and installations across 38+ cities — including London and Seoul — Hope Booth is recognized as the #1 Behavioral Health Tech Innovation by Melinda Gates' Pivotal Ventures. Where no one goes unseen.

Position Overview

Hope Booth is looking for a curious, detail-oriented Data Analytics Intern to help us understand and communicate the impact of our kiosks. As we expand across cities and partner locations, good data is essential — it tells us what's working, guides our strategy, and helps us tell a compelling story to funders, partners, and communities. You'll work closely with the COO to analyze booth usage data, build reporting templates, and develop dashboards that bring our impact to life.

Key Responsibilities

- Pull, clean, and analyze booth engagement data from Mixpanel and Google Sheets on a regular cadence
- Assist in building and maintaining Hope Booth's Quarterly Impact Report, including data visualizations and key metrics summaries
- Develop and refine dashboards or tracking tools that help leadership monitor booth performance across cities and partners
- Support the creation of data narratives for grant applications, donor reports, and partnership proposals

- Identify trends, patterns, and anomalies in booth usage data and translate findings for non-technical audiences
- Help establish data collection best practices and contribute to improving internal reporting SOPs
- Assist with ad hoc data requests as they arise across departments

Ideal Candidate

- Currently enrolled or recently graduated in Data Science, Statistics, Public Health, Business Analytics, or a related field
- Proficiency in Google Sheets or Excel; experience with data visualization tools (Tableau, Looker, or similar) a plus
- Familiarity with analytics platforms (Mixpanel, Google Analytics, or similar) preferred
- Strong attention to detail with the ability to work with incomplete or messy data sets
- Ability to translate data findings into clear, accessible language for non-technical stakeholders
- Self-directed with strong organizational skills and the ability to manage deadlines independently
- Passion for mental health, community health, or social impact work

What You'll Gain

- Hands-on experience at a nationally recognized, mission-driven nonprofit with real-world deliverables
- Mentorship from Hope Booth's leadership team
- A professional portfolio showcasing work deployed in active community and partner contexts
- Exposure to the intersection of public health, technology, and community development
- Networking opportunities within Atlanta's nonprofit and social impact ecosystem

Compensation & Details

Duration: September 1 – November 20, 2026 (11 weeks)

Hours: ~10 hours/week

Location: Remote or Hybrid (Atlanta preferred)

Stipend: \$1,800 — awarded as a Social Impact Fellowship through the Institute for Leadership and Social Impact (ILSI) at Georgia Tech

This position is a collaboration with the Institute for Leadership and Social Impact (ILSI) at Georgia Tech. The student selected will receive a Social Impact Fellowship from ILSI in the amount of \$1,800 upon verification of eligibility with the Financial Aid office. Students must be enrolled full-time. ILSI will handle onboarding and payment. Fellows are expected to complete a reflection deliverable about their experience and participate in one ILSI Fellowship event.

To Apply

Send your resume and a brief cover letter to Quiana Grant, Chief of Staff, at quianagrants@hopebooth.com. In your cover letter, share a little about yourself, why mental health accessibility matters to you, and what you hope to contribute to Hope Booth.

Communications Intern

Reports To: Chief of Staff

Location: Remote

Time Commitment: ~10 hours/week

Duration: September 1 – November 20, 2026

Stipend: \$1,800 (via ILSI Social Impact Fellowship, Georgia Tech)

About Hope Booth

Hope Booth is a patented, interactive mental health kiosk initiative operating under Ex Nihilo Out of Nothing Inc., an Atlanta-based nonprofit dedicated to making mental health resources radically accessible. Our booths — reimagined from iconic telephone booth designs — deliver 3-minute, evidence-informed mental wellness interventions and connect users to local care resources on demand.

With 150,000+ individual encounters, a 78% increase in reported hope after a single session, and installations across 38+ cities — including London and Seoul — Hope Booth is recognized as the #1 Behavioral Health Tech Innovation by Melinda Gates' Pivotal Ventures. Where no one goes unseen.

Position Overview

Hope Booth is seeking a creative and mission-driven Communications Intern to help us deepen our connection with communities, partners, and supporters. This role is central to our external voice — from bi-weekly community newsletters to social media content that sparks real conversations about mental wellness. You'll craft authentic, purpose-driven content that reflects who we are and why our work matters.

Key Responsibilities

- Draft, design, and distribute Hope Booth's bi-weekly community newsletter to stakeholders, partners, and subscribers
- Develop and schedule social media content across Instagram, LinkedIn, and Facebook in alignment with Hope Booth's brand voice and content calendar
- Write compelling copy for donor communications, partnership announcements, and community spotlights
- Monitor digital engagement and track performance metrics (open rates, reach, follower growth) on a regular basis

- Support the development of impact stories, blog posts, and press-ready materials that highlight booth usage and community outcomes
- Assist with communications for events, ribbon cuttings, and new booth installations
- Collaborate with leadership to brainstorm content ideas that align with organizational priorities and key moments

Ideal Candidate

- Currently enrolled or recently graduated in Communications, Marketing, Journalism, Public Relations, or a related field
- Exceptional writing and editing skills with a natural ear for tone, clarity, and storytelling
- Familiarity with email marketing platforms (Mailchimp, Constant Contact, or similar)
- Experience with social media management tools and basic design platforms (Canva strongly preferred)
- Organized self-starter who can manage multiple content threads and meet deadlines consistently
- Genuine interest in mental health awareness, public health, or community-focused nonprofit work
- Ability to translate complex topics into accessible, warm, and engaging content for diverse audiences

What You'll Gain

- Hands-on experience at a nationally recognized, mission-driven nonprofit with real-world deliverables
- Mentorship from Hope Booth's leadership team
- A professional portfolio showcasing work deployed in active community and partner contexts
- Exposure to the intersection of public health, technology, and community development
- Networking opportunities within Atlanta's nonprofit and social impact ecosystem

Brand Designer Intern

Reports To: Chief of Staff

Location: Remote or Hybrid

Time Commitment: ~10 hours/week

Duration: September 1 – November 20, 2026

Stipend: \$1,800 (via ILSI Social Impact Fellowship, Georgia Tech)

About Hope Booth

Hope Booth is a patented, interactive mental health kiosk initiative operating under Ex Nihilo Out of Nothing Inc., an Atlanta-based nonprofit dedicated to making mental health resources radically accessible. Our booths — reimaged from iconic telephone booth designs — deliver 3-minute, evidence-informed mental wellness interventions and connect users to local care resources on demand.

Position Overview

Hope Booth is looking for a visually sharp, concept-driven Brand Designer Intern to help us look and feel as strong as our mission. From partner-facing decks and installation proposals to social graphics and event materials, your work will shape how communities and stakeholders first encounter Hope Booth. This is a hands-on role with real visibility — assets you create will be used in active outreach, grant submissions, and city-wide activations.

Key Responsibilities

- Create on-brand graphic assets for social media, newsletters, one-pagers, and partnership proposals
- Design and refine presentation decks (pitch decks, partnership proposals, impact reports) that are visually compelling and polished
- Support the development of event materials including signage, programs, and branded collateral for ribbon cuttings and booth installations
- Assist in maintaining and evolving Hope Booth's visual brand guidelines, ensuring consistency across all touchpoints

- Contribute design thinking to marketing campaigns, donor communications, and community-facing initiatives
- Organize and manage digital asset files in Dropbox for easy team access and future use
- Collaborate with the operations and communications teams to respond to design needs as they arise

Ideal Candidate

- Currently enrolled or recently graduated in Graphic Design, Visual Communications, Marketing, or a related creative field
- Strong proficiency in Canva and at least one of the following: Adobe Illustrator, InDesign, or Photoshop
- A portfolio demonstrating range in visual storytelling — brand design, digital graphics, or print materials
- Solid understanding of layout, typography, color theory, and visual hierarchy
- Ability to take direction and adapt designs based on feedback while bringing your own creative perspective
- Highly organized with the ability to manage multiple projects and meet deadlines
- A genuine interest in mental health, social impact, or community-based work

Bonus Skills

- Experience designing for nonprofit or mission-driven brands
- Motion graphics or basic video editing capability
- Familiarity with accessibility standards in digital design

What You'll Gain

- Hands-on experience at a nationally recognized, mission-driven nonprofit with real-world deliverables
- Mentorship from Hope Booth's leadership team
- A professional portfolio showcasing work deployed in active community and partner contexts
- Exposure to the intersection of public health, technology, and community development
- Networking opportunities within Atlanta's nonprofit and social impact ecosystem
